Mariah and Toriano Pridgen, 15 Federal Street, attended the meeting. Ms. Pridgen read a prepared statement regarding Petition 228-20. Ms. Pridgen stated that they had watched the Public Works Committee of January 26th and felt that they had been excluded from and were not allowed to share or give their opinions or their desires or hopes pertaining to the Black Lives Matter petition. Ms. Pridgen also said that as the DPW Commissioner/Engineer failed to specify any policies or laws pertaining to not allowing them a space or place for a Black Lives Matter

banner, that they should be given the opportunity to do so, as initially directed to us by the then President, Michael Kushmerek. Ms. Pridgen noted that as they had been excluded, they were deprived the opportunity to address the confusion that transpired at the meeting, and felt that they could have offered the Committee members insight on their wishes, and offered a compromise. She noted that they would have been more than happy to accept the placement of the banner or flag anywhere and would have agreed to the maintenance and upkeep of it. The meeting on January 26th was the exact reason they state “I matter, you matter, we matter, black lives matter” in a City built, for hundreds of years, on inclusion, diversity, and unity, and literally has been a place of history when it comes to the fair treatment of slaves, they did not understand today’s resistance. They would like to remind the Committee of a meeting that was held on December 8th in which a commitment was made at that meeting to strengthen inclusion and diversity and take the necessary steps to assure the progress of the City. In closing, we would just ask respectfully that our petition be given another opportunity at the DPW Committee or any other Committee that this body deems appropriate so that we may be included in the conversation about matters pertaining to lives that matter, and that she would just like to state one last thing this evening is that, “we come before you this evening on the eve that Black Lives Matter has been nominated for the Nobel Peace Prize, so this has a lot of meaning to us, as well as the hundreds of other people that signed the Petition for this banner and we thank you, again for your attention to this matter”
