FITCHBURG – The Department of Public Works advises residents of the following work that will be done, weather permitting, during the week of April 1, 2024.

Road Construction

Monday – Friday, 7:00 a.m. to 3:00 p.m. Expect road closures, delays and detours.

- MassDOT will be continuing their reconstruction and rehabilitation of the Circle Street Bridge. Due to construction, the bridge will remain closed to vehicle and pedestrian traffic until further notice.

Monday – Friday, 7:00 a.m. to 5:00 p.m. Expect road closures, delays and detours.

- Unitil and its subcontractors Neuco, Path Mechanical and S-Fors will be conducting natural gas pipeline replacement projects in the areas of Almont Road, Almont Terrace, Senna Road, Ashburnham Street, Westminster Hill Road and Wallace Road.

Combination Sanitary Sewer/Storm Drain Separation Project. Monday – Friday, 7:00 a.m. to 5:00 p.m. Expect detours, lane shifts, road closures, and traffic delays.

- J.A. Polito & Sons Inc. is expected to resume construction on Main Street beginning on Monday, April 1, 2024. During construction hours, traffic on Main Street between Caldwell Street and the River Street Rotary will be rerouted. However, Main Street will remain accessible to local residences and businesses.

Monday – Friday, 7 a.m. to 3 p.m. Minor traffic impacts:

- Pothole repairs Citywide.
- Repair water gate boxes at various locations throughout the City.
- Various repair of the existing drainage infrastructure(s).
- Stanley Tree will be working in the upper Cleghorn area and Asplundh will be working on Flat Rock and Prospect Street trimming for Unitil.
- Due to ongoing construction at Crocker Elementary School, heavier than normal traffic may be experienced on Mechanic Street, Bigelow Drive and Whittemore Street. Over the next few weeks there will be steel deliveries, concrete trucks and dump trucks along with construction personnel vehicles.

Hydrants

- Hydrant maintenance City-wide.
- Water gate valve cleaning/exercising on River Street from Ashburnham Street to Main Street.

Street Sweeping

- Street Sweeping will start April 1st in the Ward 2 area. Residents and business owners are asked to sweep sidewalks in front of their homes. Sand should be placed in wind rows – not in piles – so that the equipment can successfully remove it.

Use [SeeClickFix](#) to report maintenance requests or concerns including potholes, sidewalks, signs/signals, lights, parks, catch basins or manholes.

Please call the DPW Dispatcher at 978-829-1900 with any immediate request including weather related events (snow, wind, ice, flooding) or sewage backups.
