

CITY OF FITCHBURG

CONSOLIDATED PLAN - CITIZEN PARTICIPATION PROCESS

The following plan shall serve as a guide for the City of Fitchburg in its attempt to encourage citizen participation in all stages of the Consolidated Plan (“The Plan”) Process, in particular to encourage participation of residents of the City's designated low/moderate income persons living in a slum or blighted area and in areas of the low to moderate income Neighborhood Strategy Area. (See Map.) The strategy area is determined by the U.S. Office of Housing and Urban Development's published data from the American Community Survey (ACS) to delineate these service areas as eligible areas that would benefit from a Low-moderate Area Activity. We also encourage participation of residents of public and assisted housing (including any resident advisory boards, resident councils, and resident management corporations).

Copies of this plan shall be kept on file at the Fitchburg Department of Community Development and Planning and the City's website and will be available to citizens for review in English and Spanish as an accessible, translation-friendly PDF. It is intended to comply fully with all Consolidated Plan citizen participation requirements, including Subpart M - Loan Guarantees of the Community Development Block Grant Program (CDBG), and includes the following elements:

DEVELOPMENT OF THE CONSOLIDATED PLAN

The City shall prepare and make available information to the public regarding the Consolidated Plan process including the process for submitting an intention to apply for or to support an application for HUD funded program, comments on the overall housing and community development needs of the City and the process in which new program year proposals for the use of CDBG funds will be accepted and reviewed. This will include a public comment form for the Consolidated Plan, a simple application form for CDBG funds and a program summary which explains basic CDBG program eligibility regulations, provides an estimate of program funds to be made available, a description of the contents and purpose of the Consolidated Plan [or the AFH, as applicable], and a list of locations where copies of the entire proposed plan may be examined.

The City shall maintain a list of lower income neighborhood organizations and contacts, minority organizations, previous program year applicants, elected officials, Fitchburg Housing Authority, the Housing Authority Tenant Board, Continuum of Care, regional organization, and other interested parties for notification concerning this application process, as well as scheduled public hearing and other program information as needed. Local advertising on FATV Channels, the City Hall Lobby , and the FATV Website under Community Bulletin Board and FATV's Live Public Service Announcements will be available as well as through the City's website, social media, and the City Clerk's Office to announce the availability of applications, forms, and instructions.

The Fitchburg Department of Community Development & Planning will serve as the entity responsible for overseeing the development of the Consolidated Plan. The Plan documents the overall housing and community development needs of the City and serves as a consolidated application package for all HUD funded projects to address those needs. Technical assistance to any group or organization representative of persons of low-and moderate-income that request help in developing proposals for funding assistance under any of the programs covered under the Consolidated Plan and assistance commenting on the Fair Housing Analysis is available once the CDBG application process is opened in the fall of every year for the following year's Entitlement Funds. The Fitchburg Planning Board will serve as the designated CDBG program advisory board and will initiate the CDBG proposal review process, conduct the first public hearing and then submit its list of recommended CDBG projects to the Mayor. The final list of recommended CDBG projects, submitted after review by Council and approval of the Mayor will, along with the completed Plan, serve as the City's Proposed Consolidated Plan and Statement of CDBG Activities.

The City shall consider all comments received, either in writing or orally at public hearings, on the Proposed Plan and Proposed Amendments to the Final Plan and will attach these comments and the City's response to the Final Consolidated Plan and Statement of CDBG Activities.
